SUPERVISORS DO ROUTINE WORK

ROAD DEPARTMENT SHOWS GOOD
WORK—KALAUKOKALANI IS AP-
PRECIATED—PAY OF BAND.

There was little to mark last night's
meeting of the Supervisors as extraor-
dinary. Present were George W. Smith,
chairman, S. C. Dwight, J. K. Paele,
Frank Archer, H. T. Moore, Jack Lu-
cas and Andrew Cox, Supervisors;
County Clerk Kalaauokalani, Clerk Buf-
fandean, Captain Parker, Frank Har-
vey, Joseph Fern, W. L. France, Sam
Johnson, Charles Hustace, Jr., County
Engineer Gere and Sheriff-elect Curtis
P. Iaukea.

The police bill revealed a decrease of
\$400 as compared to the previous
month. The following bills were ap-
proved and ordered paid:

Fixed salaries, \$1670; County Clerk,
\$310; County Auditor, \$120; County At-
torney, \$705; County Engineer, \$425;
Keepers of Parks, \$200; County Treas-
urer, \$120; Poundmaster, \$30; Kaploani
Park, \$357.75; Garbage Department,
\$240; Fire Department, \$3669.84; Road
Department, \$1937.46; Hawaiian Band,
\$1550; Electric Light Department, \$720;
Police and Fire Alarm system, \$100;
Koolauapoko road district, \$213.50; Koo-
lauapoko road district (special), \$249.25;
Police Department, \$7359.50; Waiialua
road district, \$815.75; Ewa road district,
\$1018.15; Waiialua road district, \$269.55;
Koolauloa road district No. 1, \$34.15.

It was shown that the decrease in the
police item was due to resignations and
men laid off. The item in regard to
the band was for a time held up on
account of Gomes, a musician, having
had his salary docked on account of ill-
ness. Berger could not be found to
throw light on the subject. That the
whole band might not lose a pay-day
the item was passed, subject to reme-
dy. Moore did not see where the
money could be obtained for the band's
support unless the new Board provided
it out of the \$1900 left over from the old
Board, the estimates not taking into
consideration the December keep of
the musicians.

Road Supervisor Johnson reported,
covering a period of eighteen months.
He showed that the average monthly
road appropriation had been \$15,000 and
136 streets had been improved, the dis-
trict of Honolulu having 65 miles of
macadam road. The storm drain sys-
tem had been improved and nine bridges
had been built.

Engineer Gere reported, replying to
a request from A. W. Crawford, an
officer of the department of parks of
the American Civic Association for in-
formation concerning the acquisition of
park areas for the year ending June
30, this year. Gere acknowledged great
assistance from A. F. Griffiths.

The Board adopted a resolution land-
ing the work of County Clerk Kalaau-
okalani, urging the Legislature to raise
his salary to \$2100 per year.

Archer, making inquiry, was informed
that the County appointive officers
would be paid up to January 7. Road
and garbage department men petitioned
for payment of wages tomorrow, for
New Year's festivities presumably, but
had to be refused. The Board meets
again January 4, at 7:30 p. m.

"L'ENVOI"

When Earth's Last Ball Game is finish-
ed and the crowd has passed from
the stand.

When the youngest Fan has subsided
and gone to the Promised Land,
We shall rest, and, Gosh! but we'll
need it, knock off for a season or
two.

Till the greatest of all the Series shall
shall set us to root anew.

Then all of the Fans shall be happy,
they shall sit in a shady stand,
They shall smoke their clear Havanas
and list to the Heavenly Band.
They shall see real stars in the dia-
mond and watch them swat the
ball.

They shall cheer for an age at a sitting
and never grow tired at all.

And no one shall be a Knocker, and
none of the Fans shall blame;
For no one shall make an error, and no
one shall call out 'Shame!
You thief! you robber! you lobster!
But each in his cushioned seat
shall call it a just decision and know
that his team will beat.

MONDAY AND TUESDAY AT PU-
NALU—HEAVY RAIN SQUALLS.

waii and Maui ports, experienced on
the outward trip strong northeast

rain squalls crossing the channels.
Along the Kona coast the weather was

and heavy swells were again encoun-
tered. The vessel could not work cargo
on Monday and Christmas day at
Punaluu owing to the rough weather.

DR. BARTON MET WARM RECEPTION

MANY PEOPLE MET AND WEL-
COMED DR. BARTON—SERVICE
HELD LAST EVENING.

Rev. James L. Barton, D.D., Super-
intendent of Foreign Missions for the
American Board of Commissioners for
Foreign Missions was met yesterday
at the steamer by a large deputa-
tion of Honolulu people and was taken to
various points of interest about the
town by local people.

Dr. Barton was taken to call upon
the Governor and quite a lengthy chat
was enjoyed. From there the party
drove to the aquarium where the fish
were inspected. Bishop's Museum was
not visited as Dr. Barton had been
there several years ago on a previous
trip through Honolulu and did not care
to revisit it as he had so little time.

This morning the Doctor was driven
to the Pali. He sailed at 12 noon on
the Mongolia.

Last evening there was a large re-
ception for Dr. Barton at the Kawaia-
hau church where a lengthy program
was rendered. Dr. Barton was greet-
ed in many languages by different pas-
tors and the Doxology was sung in
8 languages.

Dr. Barton addressed the meeting and
told of some of his work while a mis-
sionary in Turkey. He then outlined
his plan for the Far East and said the
deputation would be by China, both
north and south, for about seven
months. They would stop in Japan
but a few days and their visit there
would be unofficial. He thanked the
people warmly for their greeting and
added that they could not imagine the
amount of encouragement he had re-
ceived at their hands.

Electric water heaters are an inestimable boon in emer-
gencies. They are invaluable even on such ordinary occasions
as heating the baby's bottle at night.

Just reach over in bed and turn on the electric current.
The milk will be heated in one minute without your getting
up. No dirt or odor. The heater looks just like a little nickel
plated pin—and that's all it is. Set it by your bed or even in
